MAYILON SILVER,Building No/ Flat No : 1/2 Kalimuthan Street, Towm Police Station area, Sivagangai Town, Sivaganga, Tamil Nadu - 630561.

Project Description

This invoice formalises the comprehensive business launch partnership between W&W / QIQ AI and Mayilon Silver, covering Stage 1 strategy, brand development, e-commerce portal setup, CRM structure, inventory management system, POS-ready architecture, AI chatbot integration, creative production, campaign planning, and automation foundation.

Service	Scope of Work & Deliverables	Amount
Research, Strategy & Funnel Planning	Market research, brand discovery, customer funnel planning, competitor understanding, and business positioning strategy for Mayilon Silver. This includes defining the initial growth roadmap, digital sales direction, and customer acquisition flow for the Stage 1 launch.	₹20,000
Branding, Visual Identity & Guidelines	Development of brand direction, visual identity system, tone of voice, brand presentation structure, design language, and basic brand guidelines. This ensures Mayilon Silver has a consistent premium identity across digital, social, and customer-facing touchpoints.	₹40,000
Website UI/UX & E-Commerce Portal Development	Design and development of a customer-facing e-commerce portal with product display structure, user journey planning, responsive UI/UX, catalogue flow, enquiry/order readiness, and conversion-focused page architecture. This becomes the primary digital storefront for Mayilon Silver.	₹70,000
Sub-Total 1		₹1,30,000

Service	Scope of Work & Deliverables	Amount
CRM Dashboard Setup	Setup of a basic CRM structure to organize customer inquiries, leads, follow-ups, and customer communication. This enables Mayilon Silver to track prospects and manage customer relationships more systematically instead of relying on scattered manual handling.	₹25,000
Inventory Management System	Development of an inventory structure to manage product information, stock visibility, category organization, and backend product control. This creates operational clarity and supports smoother product tracking for the e-commerce workflow.	₹25,000
POS-Ready Software Structure	Creation of a POS-ready foundation that can support future billing, order management, offline-to-online sales tracking, and retail workflow integration. This is positioned as a Stage 1 operational base for future expansion into deeper retail software capability.	₹15,000
AI Chatbot Integration	Integration of an AI-assisted chatbot layer to support customer interaction, product inquiry handling, basic FAQ support, and lead flow guidance. This improves customer responsiveness and reduces dependency on manual replies for repeated queries.	₹15,000
50 Static Social Media Creatives	Creation of 50 static social media creatives for launch visibility, product storytelling, festive/promotional communication, brand awareness, and digital engagement. These creatives will help Mayilon Silver build a consistent social presence during the initial launch phase.	₹40,000
Copy Strategy & Content Strategy	Development of content direction, caption strategy, campaign messaging, product communication, and storytelling structure for Mayilon Silver's digital presence. This ensures that creative output is supported by strong messaging and not only visual design.	₹20,000
Sub-Total 2		₹1,40,000

Service	Scope of Work & Deliverables	Amount
20 AI Video Generation Outputs	Creation of 20 AI-led video generation outputs for product storytelling, brand communication, short-form content, and digital campaign usage. This provides Mayilon Silver with high-engagement visual assets for social media and promotional deployment.	₹25,000
Meta Campaign Setup & Ad Funnel Planning	Setup of Meta campaign structure, audience direction, ad funnel planning, creative deployment logic, and initial campaign readiness. This prepares Mayilon Silver for paid customer acquisition across Instagram and Facebook.	₹15,000
WhatsApp, Lead Flow & Automation Setup	Setup of WhatsApp communication flow, lead routing structure, inquiry handling process, and basic automation foundation. This ensures customers entering from ads, social media, or website channels can be routed into a manageable communication system.	₹15,000
QA, SOP, Training & Handover	Final quality checks, workflow validation, basic SOP creation, team handover, and usage guidance. This ensures Mayilon Silver can operate the delivered systems with clarity after launch.	₹15,000
Sub-Total 3		₹70,000
GST		₹61,200
		*18% of GST
TOTAL		₹3,40,000
